what's new

Flaminia prosegue il suo percorso progettuale inserendo in catalogo nuove proposte e ampliamenti di gamma. Design contemporaneo e innovazione tecnologica sono per l'azienda le basi per lo sviluppo di nuovi progetti, come l'ampliamento della gamma dei piatti doccia Water Drop, i nuovi bidet e vaso IO 2.0, nella versione **goclean**[®], le consolle Bloom abbinata a strutture portasciugamani o mobili sospesi. Proposta anche la nuova linea di arredi Box, una collezione modulare e altamente personalizzabile a completamento del bagno Flaminia.

Flaminia writes a new chapter in its design story by adding new proposals to its catalogue and widening its product line-up. Contemporary design and technological innovation are key to the development of new products, as is the case with the new additions to the Water Drop range of shower trays, the new bidets and the IO 2.0 bowl in the **goclean**[®] version, the Bloom console washbasins combined with towel racks or wall-mounted cabinets. Box, a collection of modular, highly customisable furnishings, is ideally suited to complement a bathroom by Flaminia.

Bloom

Bloom 105

art. BM105L - 107 x 51,5 x h 3 cm

Design **ANGELETTI - RUZZA**

Bloom è un'elegante lavabo a consolle, realizzato in due diverse misure, che si caratterizza per l'ampia superficie geometrica e sottile del piano. L'abbinamento con la struttura portasciugamani in acciaio nero opaco enfatizza i bordi sottili, conferendole un gradevole aspetto estetico. È possibile abbinare entrambe le misure ai moduli della linea Box, scegliendo tra la versione con mono o doppio cassetto.

Bloom is a stylish console washbasin, available in two different sizes, that stands out for its generous geometric proportions and the thin lines of the top. The combination with the towel rack in matt black steel underscores the slender edges of the product, making it extremely attractive. In either version, Bloom may be combined with a module from the Box range, with single or double drawer.

goclean®

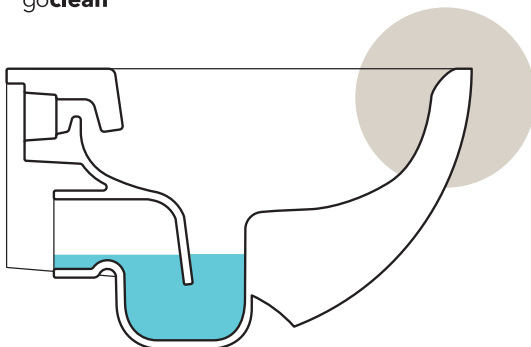

Design **ALEXANDER DURINGER** e **STEFANO ROSINI**

I sanitari sospesi della linea IO sono stati sottoposti ad un significativo restyling da cui è nata la versione IO 2.0. La forma, semplificata e resa più attuale, ha però lasciato inalterati i caratteri estetici del progetto originale. Per il wc è stato adottato il sistema **goclean®**.

The wall-mounted bathroom fixtures from the IO range have undergone a significant restyling, which has generated the IO 2.0 version. The shape has been simplified and is more current, but retains the aesthetic features of the original project. The toilet uses the **goclean®** system.

new finishes

Flaminia continua la sperimentazione ultradecennale sulle nuove tonalità, come il Nuvola e il Fango, che prendono spunto dai colori della natura, e come i metallici Bronzo e Ghisa, due finiture cangianti che reagiscono alla luce in maniera diversa, allo stesso modo delle materie a cui si ispirano.

Flaminia continues the experimentation begun more than a decade ago, testing out new hues, such as Nuvola and Fango, which draw their inspiration from natural colours, or Bronzo and Ghisa, two metallic, changing finishes that react differently to the light, like the materials - bronze and cast-iron - they take their names from.
